

**Head of Living Collections  
Full-Time Position (on-site)**

**Salary: \$41,794 - \$66,872 based on experience**

**General Objective:** Educator with animal care specialization needed to facilitate learning experiences featuring living specimens at The Schiele Museum of Natural History. The Head of Living Specimens leads the museum's living collections department, manages resources, and presents programs to visitors.

To ensure success, a candidate must be able to demonstrate proficiency in these areas:

- Making educational presentations
- Developing programs
- Managing daily animal care
- Supervising staff
- Procuring resources
- Maintaining records and permits

**Essential Skills and Responsibilities**

Experience with live animals including farm animals, small mammals, reptiles, fish, and invertebrates is required. Museum education or interpretative facility experience is preferred. Public presentation and leadership skills are essential.

**Education**

This position requires a four-year degree from an accredited university in the field of Education, Zoology, Natural Science, Biology, or a related area of study. North Carolina or South Carolina Teacher Certification, Certified Interpretive Guide, or NC Environmental Education Certification is preferred. A valid driver's license, criminal background check, and drug screening are required.

**Work Schedule**

This position requires a flexible work schedule that will include some evenings, weekends, and holidays.

**Position Open Until Filled**

To apply, candidates should send a completed application, resume, and cover letter to [schielemuseum@gmail.com](mailto:schielemuseum@gmail.com).
