

**Museum Educator – Natural Science
Full-Time Position (on-site)
\$48,064.22 - \$66,871.97 Annually**

General Objective: Educator needed to develop and present programs at The Schiele Museum for students and general audiences. This position has a natural science-based focus, including but not limited to chemistry, physics, meteorology, astronomy, biology, anthropology, and more.

Essential Skills and Responsibilities

Typical activities include making and conducting educational presentations, developing programs for children and adults, conducting educational content for summer camps, and assisting in after-school enrichment. Excellent public presentation skills, enthusiasm for education and continued learning, comfort in working both indoors and outdoors, and the capability for self-directed work are essential elements of this opportunity. Museum or interpretative facility education experience is preferred, but not required.

Candidate must possess a valid driver's license and good driving record. Drug screening is required.

Education

This position requires a four-year degree from an accredited university in a natural science-based field, preferably with a concentration in education.

Work Schedule

This position requires a flexible work schedule that will include some evenings, weekends, and holidays.

Closing Date 5/28/2023 5:00 PM Eastern
